6. During the next step the installer will try to determine the correct folder to install the plugin to. Select the corresponding terminal in the pop up window as shown below and click 'OK'.

Please select	the correct MT4 platfo	orm to install to:
C:\Progra	n Files (x86) WetaTrac	der 4
Specify Ma	anually	

If the terminal is not in the list, select 'Specify Manually' and specify the following path: C:\Program Files (x86)\OctaFX\OctaFX

7. Wait for the installation finish.

Copying File	25	\times
